RELAXED ACTIVITIES

✓ RELAXING NEXT TO THE FIRE, TRADITIONAL CAMPFIRE BARN & BBQ

Our charming 100-year-old barn is the perfect spot to unwind by the open fire, meet fellow travelers, and enjoy traditional Finnish flavors. Equipped with a griddle and sausage sticks, you can grill your own food or cook up BBQ dishes right in the barn. If you don't have your own, you can easily purchase everything you need for the BBQ from our on-site minimarket. We provide the first bucket of firewood free of charge, enough for both cooking and relaxing.

If you are planning to stay longer and need more firewood, additional buckets are available for just 10 euros.

For an unforgettable experience, we also have an outdoor fire pit where we can light a fire for you upon request. As you can gather around the warmth, you can gaze up at the stars or catch a glimpse of the Northern lights dancing in the sky.

✓ BOARD GAMES & INDOOR ENTERTAINMENT

How about a cozy night in a yurt? You can borrow board games and playing cards from the red reception cabin for some fun. We also have paper and pens available for kids to draw—just remember to keep the yurt tables clean while they create their masterpieces!

✓ SELF-GUIDED HIKING

Hilltop Hike: Looking for a short adventure with great views? Follow our marked trail to a nearby hill with stunning panoramic views of the snowy forest. The round trip to the hilltop takes about 1.5 hours. During snowy conditions, you can bring a sled for extra fun on the way back down. The steep climb to the top may leave you breathless and sweaty, but the stunning views from the summit make every step worth it!

Directions to the Hilltop:

- Follow the road until you cross the main road. After crossing, continue walking for about 200 meters, and you'll see a yurt sign on the right, leading into the forest. Start following the path to the right into the woods.
- Continue along the path until you reach the hilltop and our viewing terrace

Easy hike: If you're seeking a gentler, easier hike, we offer a 1.5-2 km marked trail along the Yurt District. This flat, scenic route is perfect for a peaceful walk along the riverbank or through the tranquil forest, providing a relaxing experience without the uphill climb.

Directions:

- The trail starts behind the last yurt by the river. The route forms a loop, and along the way, you can choose either a shorter or slightly longer path, making it a 1.5 to 2 km hike depending on your choice.

✓ SLEDDING, SKIING AND SNOWSHOE

Feel free to borrow our sleds from beside the red cabin and enjoy the downhill slope behind the last yurt by the river. Please remember to take care of the sleds so others can enjoy them too.

If you'd like to try cross-country skiing, you can rent skis and boots from us. It is 20 euros per hour and available for small groups and we also rent the snowshoe. It is 20 euros for 2 hours and 30 euros for 3 hours. For more information, reach out via WhatsApp (+358 45 763 888 06)

✓ NPAKELKKA, ICE SKATING AND AURORA CHAIR

Behind the first toilet building (on the Christmas Café side), you'll find our ice skating area and Napakelkka — a fun traditional Finnish sliding game for kids to enjoy.

We also have a large Aurora chair bed, perfect for relaxing and watching the Northern Lights.

If you'd like to stay outside and enjoy the aurora all night, you can rent a warm outdoor sleeping bag for 30 € per person per night.
